

# Production capabilities

## Modern equipment

Precision Press has some of the most advanced automotive pressing and component manufacturing equipment available in South Africa.

## Manufacturing equipment

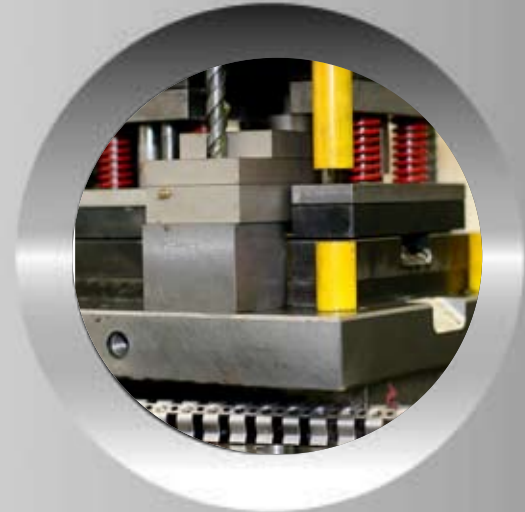

### Presses

- 400t x 1 Double-crank press with air cushions
- 250t x 1 Mechanical
- 200t x 5 Presses with air cushions
- 180t x 1 Mechanical
- 160t x 3 Mechanical
- 150t x 1 Mechanical
- 120t x 1 Mechanical
- 100t x 6 Mechanical
- 80t x 1 Mechanical
- 60t x 3 Mechanical
- 300t x 1 Hydraulic Press
- 40t x 2 Hydraulic Press

### Other Equipment

- 4 x CNC Decoiling/Feeding lines
- 6 x Conventional decoiling and feeding lines
- Spot welding of sub-assemblies
- Projection welders of sub-assemblies
- Vibratory deburring of components
- Washing
- Maximum tool size: 2860mm x 1000mm x 550mm
- Sealed-atmosphere furnace brazing

Precision Press is an engineering solutions company focused on metal pressings and components in the automotive sector.
